

ABC Technologies – Leave and Attendance Policy

Document Information

Document Owner: Human Resources Department

Effective Date: 1 April 2026

Version: 2.4

Applies To: All confirmed employees of ABC Technologies, unless a section states otherwise

1. Purpose

This policy describes the types of leave available to employees, how leave is requested and approved, and the rules for carry-forward, cancellation, and unauthorized absence. It supports employee wellbeing and ensures that work continues smoothly when employees are away.

2. Annual Leave

Each confirmed employee receives 18 days of annual leave per calendar year. The leave is credited on 1 January each year. Employees who join during the year receive a prorated balance based on the number of remaining months in the calendar year. Annual leave is intended for rest, travel, and personal commitments.

3. Sick Leave

Each employee receives 12 days of sick leave per calendar year. Sick leave is used when an employee is unwell or needs medical treatment. A medical certificate is required for sick leave of more than 3 consecutive working days. Unused sick leave does not carry forward to the next calendar year.

4. Casual Leave

Each employee receives 6 days of casual leave per calendar year. Casual leave is used for short personal matters, such as attending a personal appointment or handling a family matter that cannot be scheduled outside working hours. Casual leave is normally requested at least 2 working days in advance. Unused casual leave does not carry forward.

5. Maternity Leave

Eligible employees are entitled to maternity leave of up to 26 weeks. An employee is eligible if she has completed her probation period and has been employed continuously for at least 12 months before the expected delivery date. The employee must submit a medical certificate from a registered doctor and must inform HR at least 8 weeks before the expected leave start date. Maternity benefits are paid as per statutory regulations.

6. Paternity Leave

Eligible male employees are entitled to 10 working days of paternity leave. The leave may be taken at any time within 6 months of the child's birth or adoption. Eligibility requires that the employee has completed the probation period. The request must be submitted through the leave portal with a copy of the birth or adoption certificate.

7. Bereavement Leave

Employees are entitled to 5 working days of bereavement leave on the death of a spouse, parent, child, or sibling. Additional leave may be approved by the Head of Department in exceptional circumstances. Bereavement leave does not reduce annual leave or sick leave balances.

8. Public Holidays

ABC Technologies observes public holidays as listed in the annual holiday calendar. HR publishes the calendar by 15 December each year for the following year. Employees who work on a public holiday with manager approval may receive a compensatory off within 30 days.

9. Half-Day Leave

Employees may take half-day leave in the morning or afternoon. A half-day counts as 0.5 days from the relevant leave balance. Half-day leave is requested through the leave portal in the same way as full-day leave. Half-day leave can be taken from annual leave or casual leave.

10. Emergency Leave

Emergency leave is available for sudden, urgent situations that cannot be planned, such as an unexpected accident or a sudden family emergency. Employees must inform their reporting manager within one hour of the start of their shift. Emergency leave is deducted from casual leave. If casual leave is exhausted, the absence is treated as annual leave, subject to manager approval.

11. Leave Application Procedure

Leave must be requested through the company leave portal. For annual leave and casual leave, the request should be submitted at least 2 working days in advance. Sick leave may be requested on the same day, before the shift starts. Requests for more than 5 consecutive working days require approval from both the reporting manager and HR.

12. Leave Approval

The reporting manager reviews and approves or rejects leave requests. Managers should respond within 1 working day. Leave is approved based on team workload and business needs. If a request is rejected, the manager must provide a reason in the leave portal.

13. Leave Cancellation

An approved leave request can be cancelled through the leave portal before the leave start date. If the leave has already started, cancellation requires approval from the reporting manager. Cancelled leave is restored to the employee's balance.

14. Carry Forward of Leave

Up to 5 days of unused annual leave may be carried forward to the next calendar year. Carried-forward leave must be used by 31 March of the following year. Any carried-forward leave not used by that date lapses. Sick leave and casual leave do not carry forward.

15. Unused Leave

Unused annual leave that is not carried forward lapses at the end of the calendar year. When an employee resigns or leaves the company, unused annual leave may be encashed for up to 10 days, subject to HR approval. Unused sick leave and casual leave are not encashed.

16. Unauthorized Absence

An absence without an approved leave request or valid notification is treated as unauthorized absence. Each day of unauthorized absence results in loss of pay for that day. Three consecutive days of unauthorized absence without contact from the employee may be treated as job abandonment and handled under the disciplinary process described in the Employee Handbook.

17. Contacting HR

Questions about leave balances, medical certificate requirements, or special leave cases can be directed to the HR Helpdesk through the HR Portal or by calling internal extension 4100. Leave balances are also visible in the leave portal at any time.
